

2022 Requirements

CLASSICAL MUSIC

Please be sure you follow all requirements related to your application. Failure to comply with any of the requirements listed below may result in disqualification during the review process and/or make your application ineligible for an award.

Accordion

Application Requirements

Any system of accordion may be utilized (i.e., stradella, chromatic, keyboard, buttonboard) as long as the music is performed as written. Your audition should display a full range of technical skill and interpretive ability. It is preferable to present works by a variety of composers. It is strongly recommended that selections are performed from memory with the exception of the sonata and contemporary pieces. All repeats should be omitted as should lengthy passages of accompaniment only sections.

For your audition, submit a **total of four (4) individual digital video recordings** to include the following and in the following order:

- **One (1) sonata by either D. Scarlatti or A. Soler; or a complete composition by Couperin, Rameau, or Daquin.**
- **One (1) prelude and fugue by J.S. Bach** (from either clavier or organ repertoire)
- **One (1) complete composition by one of the following composers:** O. Schmidt, W. Jacobi, H. Brehme, A. Kusjakov, W. Semionov, W. Zolotariev, A. Cholminov, T. Lundquist, A. Repnikow or G. Wuensch.
- **One (1) complete work or movement from a multi-movement work written since 1950.**

NOTE: If selected as a Finalist, you will be required to perform your submitted materials live for the panel during YoungArts Week.

Accompaniment Requirements

- Works requiring accompaniment should be performed and filmed with live accompaniment as the score requires.
 - If you are not able to produce a recording with live accompaniment due to COVID-19, you may use pre-recorded piano accompaniment. (No synthesized orchestras permitted)
 - Keep in mind, you could engage the accompanist you were going to originally, to record a video or audio track and you could perform along to that.
 - Helpful programs to use:
 - Appcompanionist
 - Audacity (<https://www.audacityteam.org>)
- Piano or harpsichord (if appropriate) are considered acceptable accompaniment instruments.
- For works requiring accompaniment, you are not permitted to submit an *a capella* recording.

2022 Requirements

- Only works originally composed for solo instruments (player alone) can be submitted without accompaniments.

Guidelines for Recording your Audition

- Use a fixed point of view for your camera with you being the main focus. Shoot straight on, leaving the camera in one location. Do not pan or move the camera. Camera should be no closer than waist up.
- Ensure recording captures good quality image.
- Ensure recording equipment has the ability to capture good sound quality. Check for good balance and blend.
- Make sure there is 1-3 seconds of silence before the beginning of the piece.
- No sound enhancements are allowed.
- If you are playing from memory, be sure there is no music on the stand.
- Hands and fingers must be visible.

Media Submission Requirements

- Save and name your files individually with their titles.
- Upload each selection as a separate video file.
- List the title of piece and the composer in the correct spaces provided in your application.
- Do not put your name or any identifying information in or on your media submission.
- When uploading, be sure to upload to your computer first and verify that image is upright (not sideways) and plays smoothly.
- Please do not do any of the following as it may disqualify you:
 - Do not edit within a piece.
 - Do not use special effects, dissolves, fades or wipes.
 - Do not submit pre-recorded live performances, such as recitals, concerts, or competitions.

Reviewers and Panelists are looking for:

- Tone Production - the ability to achieve a quality of sound appropriate to the instrument and to the style of the music.
- Technique - the degree to which the performer has acquired control of the instrument.
- Rhythm - the ability to establish, maintain and project rhythms of a wide range of complexity.
- Intonation - proper tuning of the instrument and in-tune playing.
- Interpretation - the ability to project a convincing conception of the selection.
- Phrasing - sensitivity to the need for phrasing and the ability to execute it.
- Programming – unique programming and exploration of new and less often performed repertoire, especially as it pertains to repertoire written since 1950.

Note: If your work has been submitted to other competitions, you are responsible for getting permission to submit to YoungArts.
