**About YoungArts**

YoungArts—the national foundation for the advancement of artists—was established in 1981 by Lin and Ted Arison to identify exceptional young artists, amplify their potential, and invest in their lifelong creative freedom. YoungArts provides space, funding, mentorship, professional development and community throughout artists’ careers. Entrance into this prestigious organization starts with a highly competitive application for talented artists ages 15–18, or grades 10–12, in the United States that is judged by esteemed discipline-specific panels of artists through a rigorous adjudication process.
